I'm Salman Raza, a seasoned **Front-end Developer and UI/UX Designer** with over **7 years** of dedicated experience in the field. My passion lies in crafting visually captivating and user-centric interfaces for both web and mobile applications.

My journey has been enriched by a profound comprehension of cutting-edge front-end technologies and design principles. I'm proficient in an array of tools and frameworks, including but not limited to **HTML, CSS, JavaScript**, and other essential technologies.

My mission is to leverage this expertise to curate captivating and highly responsive web and mobile experiences that seamlessly align with the aspirations of users and the objectives of clients. Let's collaborate to bring your digital visions to life.
